

**EROSION AND SEDIMENT CONTROL PLAN REVIEW CHECKLIST
TOWN OF WILTON, NH**

1) General Contractor/Applicant Information

Name: _____

Address: _____

Telephone: _____

Email _____

2) Owner Information:

Name: _____

Address: _____

Telephone: _____

Email _____

3) Engineer Information:

Name: _____

Company: _____

Address: _____

Telephone: _____

Email _____

4) Property Address: _____

5) Map & Lot: _____

6) Zoning district(s) property is in:

- ☐ Commercial
- ☐ Industrial
- ☐ General Residence & Agricultural
- ☐ Office Park
- ☐ Residential

7) Overlay district(s) property is in:

- ☐ Aquifer
- ☐ Flood Plain
- ☐ Gravel Excavation
- ☐ Research & Office Park
- ☐ Watershed
- ☐ Wellhead
- ☐ Wetlands
- ☐ MS4 Urbanized area

8) General location of property and closest intersection

9) Type of Request: ☐ Commercial/Industrial ☐ Subdivision ☐ Single Lot/Utility

Erosion and Sediment Control Plan Review

I0) Elements of the E&S plan shall, at a minimum, include:

Reviewed	Needed	Element
		North arrow, scale, date, key if symbols are used.
		Location of proposed development and adjacent properties
		Limits of Work including square foot disturbance
		Locations of Erosion and Sediment control measures
		Existing and proposed final topographic contours at 2 foot intervals.
		Soil types
		Easements
		Structures, utilities, roads (including names) and other paved areas
		Critical MS4 areas
		Surface water and wetlands, drainage patterns, and watershed boundaries
		Vegetation
		Stormwater infrastructure including any biological controls
		Areas of cut or fill
		Locations of earth stockpiles
		Locations of equipment storage and staging
		Locations of proposed construction and/or permanent vehicle or equipment fueling
		Locations of proposed cement truck washout
		Highlighted areas of poorly and very poorly drained soils
		Highlighted areas of poorly and/or very poorly drained soils proposed to be filled
		Extent of 100 year floodplain boundaries if published or determined
		Parking locations
		Snow storage location

II) Narrative to include

- ☐ Type and extent of construction
- ☐ Schedule for grading and construction sequence
- ☐ Schedule and description of Sediment Control measures and their installation
- ☐ Design criteria for proposed erosion and sediment control measures
- ☐ Stormwater infrastructure to accommodate a 25-year storm event
- ☐ Construction details for any stormwater infrastructure
- ☐ Dust control measures
- ☐ Description of the removal of Sediment Control measures
- ☐ O&M manual
- ☐ Scheduled time for a Pre-construction site walk with Building Inspector and/or Stormwater Manager
- ☐ Review of construction and post construction inspection form and schedule

Plan reviewer: _____ Date: _____
