

# **Wilton Falls Building Usage Poll Results**

**Compiled by the Wilton  
Economic Development Team  
March 13, 2024**

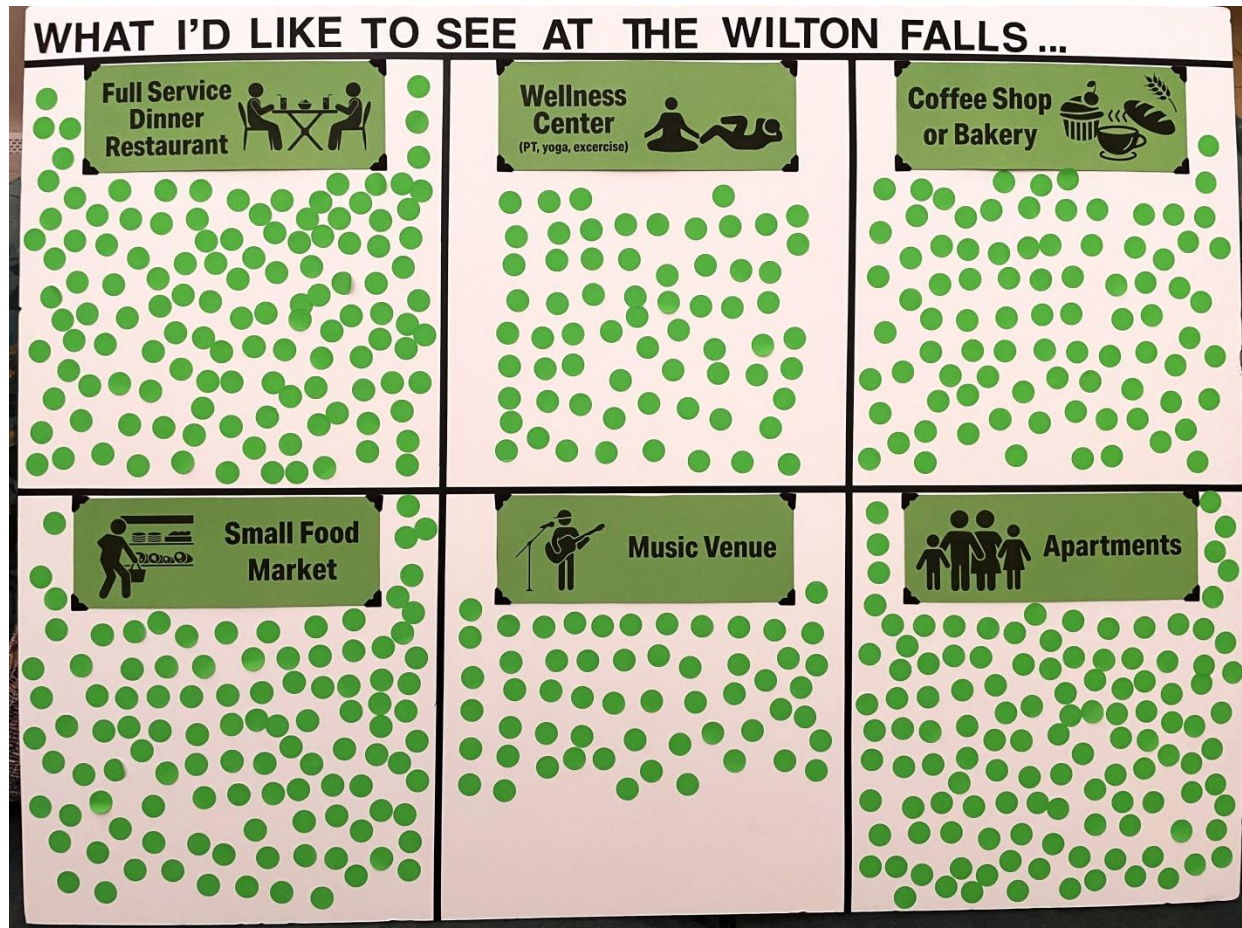

# Background

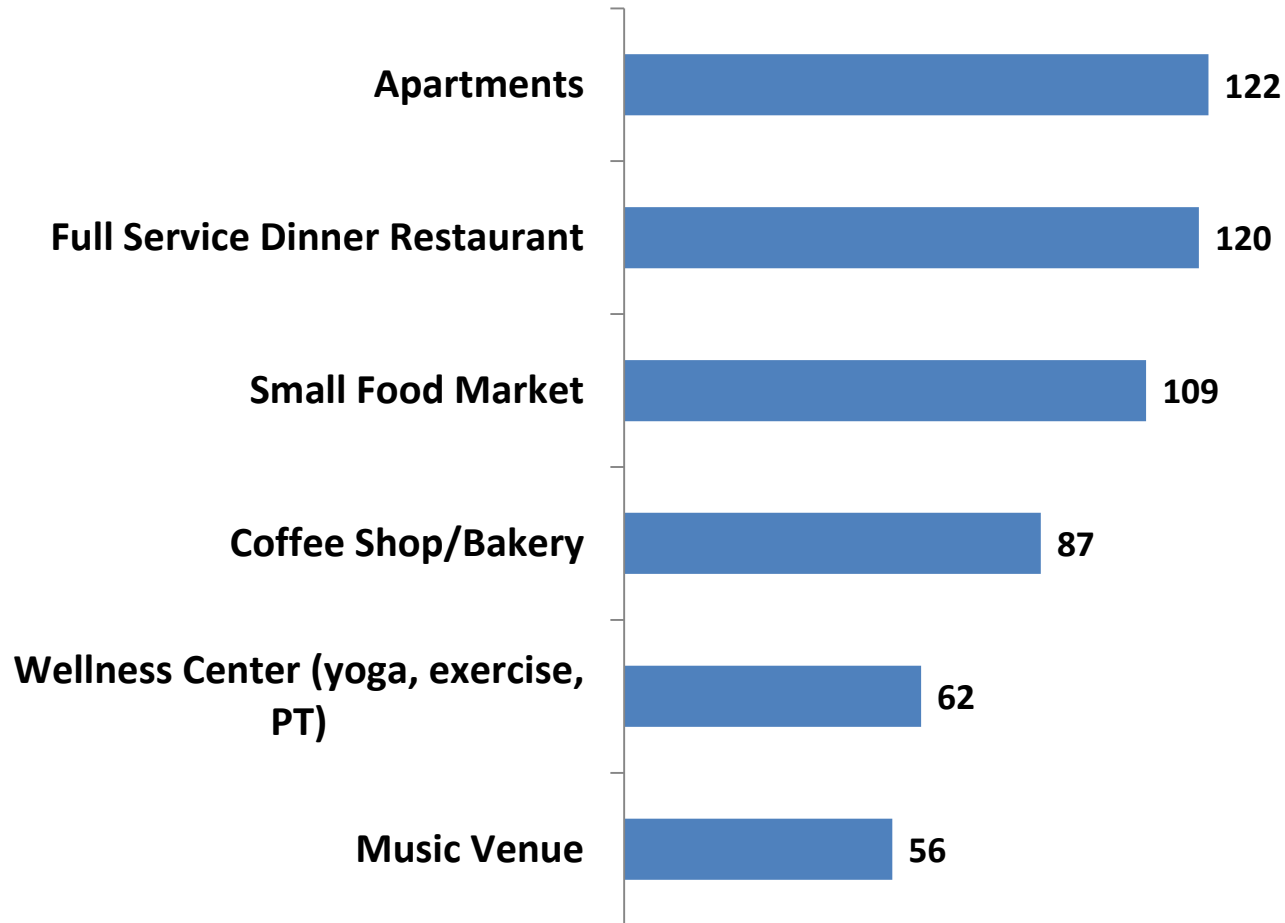

- The Crawford Trust has generously donated the downtown Wilton Falls Building (and 40 parking spaces) to the town.
- The town's intent is to sell the building to someone who would develop it in a way that is consistent with our overall vision for downtown, and which supports the desires of the residents.
- The Economic Development Team decided to conduct a poll on town election day to gather residents' input.

# Polling Process

On town election day (March 12, 2024), residents were given the opportunity to use stickers to vote for up to two of six possible uses for the building. 278 people participated.
